3. Increase of representation
in yedatne Taluk from 2 to 3 was
proposed to be considered at the same

is on the ground that representation
should take change into account.

was appreciable. So only this
Taluk requires consideration for
which 3 members permitted along
with others in which no number
has been permitted. No case of
other Taluks does not require
consideration as the circumstances
requiring increase in the number
in these cases has not been explained
& no decision is perhaps possible

Government of Mysore,

Sir,

Flag 2

With reference to your letter No. L 2158/L.B.

79-28-2 dated 7th September 1928 stating that the proposal
for giving the Yedatore Taluk the privilege of returning
3 members to the District Board may be renewed before the
next reconstitution of the Board, I have the honour to
report as follows:-

In connection with the above subject, Mr. Chennappa
of Yedatore Taluk brought up the marginally noted resolution

Mr. B. Chennappa, Bellulli.

"The Government have directed
that the question of giving three
representatives to Yedatore Taluk
for District Board and Represen-
tative Assembly will be considered
during the next election time.
The time for re-election of
Members for both these bodies is
approaching. Sanction may be
obtained to give three represen-
tatives to Yedatore Taluk".

for consideration at the District
Board Meeting held on 6th July 29.
The Board resolved "that each
Taluk may be given 3 Members and
each Sub-taluk one Member.

The present strength
of the Mysore District Board is 48
consisting of 33 elected, 4 Ex-

Officio and 11 nominated Members. The Taluks of Mandya,
Seringapatam, Mysore and Hunsur are now entitled to return
3 Members each and the remaining 9 Taluks, 2 Members each
to the Board. The Yelandur Jahagir which is also consti-
tuted into a general constituency has been given the

privilege

18
12

privilege of electing one member to the Board. The two Special Constituencies in the District viz., the Bar and the Jaina Education Fund Associations are franchised to depute a member each. The total number of elected members is thus 33.

The number of Ex-officio Members is only 4 consisting of the Deputy Commissioner, the District Economic Superintendent, the Executive Engineer and the District Medical and Sanitary Officer.

The Assistant Commissioners in-charge of the Revenue Sub Divisions are not now on the Board. The Departments of Education, Agriculture, Sericulture, Industries and Commerce are not represented on the Board.

The needs in rural areas are on the increase and the demand for rural development grants requires proper investigation before they are sanctioned. The presence of the Revenue Sub Division Officers on the Board will greatly facilitate the disposal of these matters as these Officers will be fully conversant of these wants in their respective areas.

The economic activities are developing on all sides and the District Board are making large grants annually for development works. The need for the expansion of primary education is keenly felt in all parts of the District. Applications for the opening of new Schools, granting building grants and affording other facilities for the encouragement of education are largely increasing and require prompt action. The non-official members of the Board are evincing

- 3 -

evincing interest in these matters and their subjects brought up at every Meeting relate mostly to educational facilities and other economic wants.

Under Section 35 of the District Boards Regulation of 1926, the Officers of the several Departments mentioned above are required to give their advice whenever they are desired by the Board. This is not sufficient unless their attendance at the Meetings is made obligatory

In view of the above facts, it is deemed necessary to increase the elective element in the Board so that the number of Ex-officio Members may also be proportionately increased for representing the various interests connected with the Board's administration.

According to the Board's resolution quoted above, the number of members to be elected by the existing General Constituencies will be 40 as detailed in the margin; and by constituting the Periyapatna Sub Taluk into a General Constituency and permitting it to depute one member, the total number of members elected by General Constituencies will be 41.

13 Taluks	..	39.
Yelandur Taluk		1.

		40

In submitting herewith an extract from the Proceedings of the District Board Meeting, I request that sanction of the Government may be kindly obtained to the Board's resolution in the matter of (i) permitting each of the 13 Taluks to elect three members to the Board and (ii) to permit the Periyapatna Sub Taluk to return one member to the Board by constituting it into a General constituency; I solicit early orders of the Government may be kindly obtained as the present term of the Board expires on 31st January 1930 and steps have to be taken for the reconstitution of the Board.

The

The necessary proposals for increasing the number of Ex-officio members proportionately will be sent up to Government as soon as orders are received to the above Board's resolution.
